

6 South Florida Residences Boasting Unique Outdoor Amenities

Jul 30, 2018 /

One of the greatest parts about living in South Florida is enjoying all the outdoors have to offer all year long. A recent trend that we've noticed among South Florida developers is the introduction of unique outdoor amenities on property. From outdoor putting greens, rock climbing walls, yoga lawns, theatres, spa facilities and more, here is a look at six properties that are offering these unique amenities at their best:

Circulation/Impressions/UMV: 12,900

Palazzo Del Sol & Palazzo Della Luna

Sister properties Palazzo Del Sol and Palazzo Della Luna on Miami's prestigious Fisher Island will come together by a "Central Park" designed by renowned firm Enzo Enea. The space will feature outdoor tea gardens, a croquet lawn, bocce court and yoga lawn. Additionally, the two towers will receive access to Fisher Island's coveted amenities including their pristine golf course, aviary, tennis courts and so much more.

Hyde Midtown Suites & Residences

The hot new residences located in Miami's bustling Midtown neighborhood boast a handful of amenities for residences, including the luxe "hotel living" where residences can access the hotel pool, room service, spa services and more. However, one of our favorite outdoor amenities is the property's outdoor putting green located on the property's 7th-floor amenity deck.

SLS LUX Brickell

The newly-opened, ultra luxurious SLS LUX Brickell located in downtown Miami offers everything a Miami buyer could want—gorgeous interior design, stunning views of the Miami cityscape, haute cuisine, hotel living and more. They also offer an outdoor climbing wall on its 9th-floor pool area—something you won't find in many other places in Miami.

Auberge Beach Residences & Spa Fort Lauderdale

The luxurious Fort Lauderdale property will officially open this fall. With a focus on its state-of-the-art spa services, the property is also offering this amenity outdoors with their two outdoor spa treatment cabanas so you can relax and unwind to the sounds of the calming ocean waves.

The Paraiso District

The gorgeous Edgewater development features four towers and unrivaled amenities, from multiple upscale pool areas, a massive circular pool open to all residents with panoramic views of Biscayne Bay, tennis courts and a Beach Club coming soon.

Park Grove

The Coconut Grove waterfront property not only features breathtaking views of the water but allows you to get a cultural fix in as you bask in the views with their outdoor amphitheater. It can be activated for music and theatre events, as well as other programming.
